VACATION CAMPS PLANNED BY WPA FOR THE SUMMER

Underprivileged Children To Get Vacation In Five Summer Camps

"I've never seen a purple cow—I never hope to see one."

Well, we've never seen a purple cow, either, but believe it or not there are children in California, right here in this agricultural state, who've never seen any kind of a cow, not even a harmless benign bovine Jersey chewing her cud.

That amazing fact was revealed in a discussion of 5 vacation camps for underprivileged children planned for the summer by the Works Progress Administration Division of Recreation.

Last year Works Progress Administration-assisted camp programs were largely experimental. Two in the state were operated, with an attendance of 800. This year, the merit of vacation camps having been proved beyond the most extravagant expectancy, plans are under way for five camps and preparations are being made for a total of 4,000 campers during the different sessions.

STAFF AND EQUIPMENT

Most of the 800 attendants at last years camps were sent by funds donated to the local sponsoring agent. The Works Progress Administration furnished staff and camp equipment. It was required that the child pay, or have paid, subsistence food expenses, averaging approximately $5 per week.

ANNUAL PICNIC FOR MERCHANTS SET AUGUST 1

Business Men Committee Met Friday Evening To Plan Details Of Affair

Daly City Merchants Association will hold their annual picnic this year at Oak Cove Park near San Mateo on August 1. A committee of business men met, Friday evening of last week, to plan details of the affair.

Outcome of the Friday meeting was arranging of the general picnic program into seven units. Sub committees will be appointed next week to carry on work of publicity, serve refreshments at the park, plan concession features, outline games and dance program, provide entertainment numbers and secure prizes.

At the regular meeting of the merchants association, Wednesday of next week, committees will swing into action in making preparations for the gala annual event.

THIRD O'BRIEN RECEIVES PRIZE OF LEGION HERE

Post No. 410 Holds Election Of Officers To Serve In Coming Year

H. A. Anderson, representing the Daly City Post, No. 410, American Legion, at the graduation exercises for the grade schools, June 17, awarded the third O'Brien the annual Legion School Medal award for outstanding service in the schools of the district. Nadine O'Brien, Woodrow Wilson School, was the girl selected for the award this year. A brother, Daniel, received the award in 1931 and a sister, Patsy, in 1934.

The local post quotes that they are very proud of the record set by Daniel, Patsy and Nadine, children of Mr. and Mrs. J. D. O'Brien, 123 Willits. They have sent a challenge to all other American Legion Posts, 11,000 of them, to surpass or equal this record.

Grand Coulee Dam Rises as Work Continues Night and Day

A great monument to man's engineering skill, construction of Grand Coulee, Wash., Dam, is progressing rapidly as crews labor night and day. Above is a night view of a flood-lighted area where concrete is being delivered on a trestle for continuous, 24-hour a day, pouring. The river has been diverted to a new bed in order to facilitate work on the huge project.

WILL CREATE TRAFFIC SAFETY SCHOOL FOR COUNTY VIOLATORS TO AID IN ACCIDENT DECREASE

Other California Cities Have Tried School Plan

Creation of a traffic safety school, to which judges will be required to send all motorists convicted of serious violations, will be a major objective of the County Traffic Safety Commission, it was announced this week.

Violator schools now in vogue in Oakland, San Jose and other California cities were discussed at the second session of the new safety body at a recent meeting.

MOSTLY EDUCATION

It authorized the chairman of the commission to attend a session of the violators school in San Jose, Wednesday of this week.

"Traffic safety is primarily a matter of education," said the commission secretary. "Schools for violators

VALLEY TO SEE GIGANTIC SHOW AT RACE TRACK

Ed Schwerin, McLaren Park Ranch, Is Sponsoring Gala Event

One of the largest fireworks displays in the bay area will be held at the Town and Country Club track just off Geneva avenue, Monday evening, July 5, starting at 8:30 p. m.

The gala display is being sponsored by Ed Schwerin, popular resident of the valley and owner of the McLaren Park Ranch, for the enjoyment of the citizens of the entire bay area. The colorful night show will be visible from any part of Visitacion Valley.

It is peculiarly fitting that the show should be staged almost within the shadows of the great Livestock Exposition building now under construction in the valley. Shooting stars and bursting bombs of the display will illuminate the great steel girders of the stock arena, the biggest building of its kind in the world.

County Must Repay Debts To California

California is not going to forgive its county debtors for the $20,000,000 they borrowed for relief during the depression, and as a result the Board of Supervisors will have to provide for a $75,000 payment to the state, January of next year.

It will take the county 10 years to pay off $286,749 owed on 1934 relief bonds.

Just how the county will pay off the money has not been decided yet, according to the assistant controller. He said that it was possible the supervisors might decide not to raise the money by taxes but to borrow it from banks.

The sum of $75,000 added to the county capital budget would necessitate an increase of 7.5 cent increase in the tax rate which will probably be around $1.25, according to preliminary estimates.

New Street Lights Put In This Week

Three new street lights were installed in Daly City this week. One hundred candlepower lamps were put in on Hillside boulevard south of Gambetta street and on east Moltke street near Hillside boulevard.

The 100 candlepower light on the corner of San Jose avenue and Bepler street, was replaced by a 1000 candlepower lamp.

ALCAZAR SHOW NOW MECCA OF ENTERTAINMENT

"The Pursuit Of Happiness" Proves Very Popular With Audiences

To the lengthening list of bright evenings in the theater another item should be added, "The Pursuit of Happiness" which was acted by the Federal Theater players at the Alcazar Theater, Thursday evening of this week.

"The Pursuit of Happiness" was written by Lawrence and Armina Langner and created quite a furor in theatrical circles when it was first presented in New York as the fifteenth new play of the 1933-34 season.

The play is a rough and ready comedy of love among the Connecticut Yankees in the days of the Revolution when bundling, the quaint old custom of Colonial sparking, was the rage.

With Leon Forbes and Grace Cooper as the maid and man who pursue happiness most attractively, the audience reacted with them and their cheerful fooling in a brisk style.

It was the playwrights diverting notion to have a charming young Hessian deserter, who was actually a shanghaied Austrian, find himself in a house where bundling was prevalent. His bewilderment at the Colonial customs, particularly at the use of the centreboard in the bed in which he was invited to bundle, is most comical. The daughter of the house is demurely attractive, and the Hessian is handsome, so that the outcome is never in doubt. "The Pursuit of Happiness" is a bright play and wittily performed.

Other outstanding characterizations were given by J. Raymond

Organize Builders Of S. M. County

The Building Trades Employers Association of San Mateo County was organized at a meeting, Thursday evening of last week, at the Burlingame city hall.

The association, composed of representatives of employers associations, has been organized to consider problems affecting the building industry.

By-laws were adopted tentatively and will be submitted to the associations for approval. Officers will be elected at the next monthly meeting.

The organizations proposed functions will include selection of representatives of the employers groups in arbitration of wage disputes. In addition, the association will investigate material costs and fair trade practices.

THREE POLICE CLERK SALARIES ARE RAISED $15

City Attorney Is Instructed To Make Investigation And Report Status Of Civil Service Here

By motion of the Board of Councilmen, Monday evening of this week, the salaries of Police Clerks J. D. Patten, E. J. Ford and William Bolger were increased $15 per month. Gus Ford, who has been employed part time by the city, was put on a regular salary basis of $140 per month.

Mayor Paul G. Selmi, Councilmen Sundermann and Twesten voted in favor of the salary boosts. Councilmen Cavagnaro and Fahey voted against the measure, stating that the procedure was out of order until such time as the civil service status of city employes could be determined.

The city attorney was instructed to investigate the status of the civil service ordinance passed here some two years ago and report to the council whether or not the courts had as yet determined its validity. If the ordinance is declared valid by the courts, Daly City employes are under civil service regulations.

McGrath Denies Aim To Run For Governor

Congressman John J. McGrath of San Mateo said this week in Washington, according to United Press dispatches, that he would seek the California governorship next year only if drafted by the Democratic party. His statement came in answer to reports circulated recently that he definitely was a candidate for governor and would not campaign again for congress.

Representative McGrath answered this rumor with the statement that he "very definitely" was a candidate for re-election to congress.

REVEAL DETAILS OF SAN MATEO COUNTY PRODUCTS AND FLORAL FIESTA FOR 1937 AT BAY MEADOWS

Spanish Theme To Permeate Displays, Decorations This Year

Plans for the 1937 San Mateo Products and Floral Fiesta at Bay Meadows were officially announced this week by the general manager of the fete.

Following weeks of careful planning by the Fiesta Board of Commissioners the details for the fiesta have been announced. This $50,000 event is an annual affair. Cash premiums valued at $20,000 and trophies are to be awarded.

SPANISH THEME

"The fiesta this year has been planned to carry out an entirely Spanish theme through which we hope to offer to the thousands of patrons who will attend not only marvelous industrial, agricultural and floral displays but also the historical background of our county," declared the management.

It was revealed that plans call for a pageant of Spanish setting featuring many colorful costumes and hundreds of performers.

The pageant this year will tell the story of San Mateo County and its early day history.

DECORATIONS

Decorative features will be entirely different from last year.

Plans call for the installation in the downstairs section of the large Bay Meadows pavilion of two pic-

TAX ASSOCIATION RELEASES ANNU'L SCHOOL SURVEY

Increases In School Costs Are Mounting Rapidly Says Association

California Taxpayers association late last week released its annual survey of the public school situation. Through its educational counselor the association summarizes its findings as follows:

1. Since the low point of 1932-33, increases in school costs have been rapid. In some places, average salaries paid and costs incurred have mounted above "prosperity" levels.

2. In the 340 largest districts, the trend is unmistakably upward at a rate exceeding the taxpayers ability to pay.

3. By removing the restriction that limited certain school taxes to building purposes, the legal limit for

ANNOUNCE FIVE MAJOR EXHIBITS FOR ART MUSEUM

Chinese Tomb Statuettes Are Popular And Complete Display

San Francisco Museum of Art has announced the display of five major exhibits as well as several lectures for the current period. Exhibitions include: Chinese Tomb Statuettes, July 2 to August 30; Painters and Sculptors as Illustrators, June 21 to July 12; Contemporary German Painting, July 1 to July 30; Paintings by Russell Cowles, July 1 to July 29, and Paintings by Hilaire Hiler, July 1 to July 29.

The chinese Tomb Statuette display was organized by Dr. Alfred Salmony of Mills College. This is the third exhibition sponsored by the Friends of Far Eastern Art. The attitude toward death which produced the exquisite statuettes found in Chinese graves seems to have been like that of ancient Egypt. But in Oriental literature there were no clear references to such a custom, consequently it was not until American engineers scooped the earth to cut roadways that China was dis-

TO INAUGURATE MODERN BUDGET FOR DALY CITY

Provisions For Playground, Park Improvements Made

For the fiscal year of 1937-38, which starts July 1, a new budget system will be inaugurated for city expenditures, it was announced this week by local councilmen. Several modern time saving and efficiency methods will be incorporated in the new system.

Provisions are made in the 1937-38 budget for park and playground development, enlargement of the local library and improvement of its services and repairs and improvements on reservoir No. 1 of the water department.

For the year just past $145,000 was the amount budgeted for city expenditures. Even including costs of the special bond election last May claims against the city for the past year did not exceed this amount.

Vacation Courses For Photographers

Two vacation courses for photographers, to be held in Yosemite Valley, will be given during July, by the University of California Extension Division. The courses will consist of a weeks practice in outdoor photography.

Each course will last one week and will include six field trips, routes for which will be chosen for variety of subjects and interesting light angles. The first course will be given from July 17. The second will begin July 19 and end on July 24.

Students may register at the Extension Division office on the Berkeley campus of the University, at 1730 Franklin street, Oakland, or 540 Powell street, San Francisco.

Fiend's Victims Discovered In Ravine

Police officers are pictured as they came upon the crumpled, strangled body of Madeline Everett, 7, in a ravine in Baldwin Hills, near Inglewood, Cal. Madeline, her sister Melba, 9, and Jeanette Stephens, 8, were lured to the desolate spot by a degenerate, attacked and brutally murdered. The bodies of the other two victims were found a few yards away. Four Boy Scouts discovered the bodies of the little girls while searching the brush for clues, aided by an aviator patrolling overhead.

MAY LOSE HAND

When his car went out of control and upset at Brisbane, Saturday of last week, Ed Fitzgerald, 54, San Francisco, incurred a badly lacerated hand, attendants at South San Francisco Hospital reported.

Details of the accident were not known. Fitzgerald was alone in the car and is believed to have lost control while driving intoxicated. He was referred to his family physician in Oakland by hospital authorities who said his hand may have to be amputated.

No Dogs Allowed In Local Stores

Daly City Council instructed Dr. A. A. Shagoian, local health officer, to have printed and distributed to all Daly City stores handling foodstuffs signs with the inscription, "No Dogs Allowed—By Order of the Daly City Board of Health."

This step is a sanitary measure and full local co-operation is anticipated. The signs will be posted next week.

TAX ASSOCIATION RELEASES ANNU'L SCHOOL SURVEY

Increases In School Costs Are Mounting Rapidly Says Association

(Continued from page 1)

school maintenance taxes in elementary schools has been more than doubled. Unless carefully checked by local boards of education and citizens, grave danger of excessive tax increases will result.

4. The only effective barrier to a runaway taxing program is control of local budgets before they become effective early in August.

5. School expenditures are increasing faster than population growth and faster than the increase in the cost of living.

6. Careful planning now and resistance to pressure for careless spending will prevent a painful readjustment in a few years.

7. During July, citizens should be most concerned with school budgets. Budgets have now been made; they went to county superintendents July 1; they are returned to boards of education July 15; go to the county again July 20; are advertised during the last week of July; and public hearings are held the first week of August.

8. The association recommends that citizens request school officials to explain the proposed budgets and, wherever increases are proposed, that explanations be sought.

Grass Fire Here Wednesday Morning

Three fire companies were called out at 11 a. m., Wednesday of this week, to extinguish a grass fire on Bismark street between Mission street and Hillside boulevard.

The blaze burned off an entire lot but was brought under control before any property was damaged.

Miss Lewis Becomes Bride Of A. Ravera

At a lovely ceremony, Sunday afternoon of this week, in Our Lady of Perpetual Help Church, Miss Edith Lewis of Daly City became the bride of Albert Ravera of San Francisco. Father James Doyle officiated. Approximately 100 guests were in attendance.

The bride was given in marriage by her brother, Richard James Ennis. The maid of honor was Miss Helen Lewis, sister of the bride. Miss Lorraine Lewis and Mrs. Paul Gemangini, cousins of the bride, served as bridesmaid and matron of honor, respectively.

Richard O'Neil acted as best man. Ushers were William Lewis and Philip Herzog.

A reception was held immediately following the ceremony at the home of Mr. and Mrs. R. J. Ennis, 139 Irvington street.

Mr. and Mrs. Ravera are honeymooning in Southern California and Mexico.

Violet Kling Weds J. Alexander Swan

Violet Marie Kling, daughter of Mr. and Mrs. G. W. Kling of Farragut avenue, San Francisco, and James Alexander Swan, son of Mr. and Mrs. Joseph Swan of Peoria street, were married, Saturday evening of last week, at Ocean Avenue Presbyterian Church at 7 o'clock. Rev. A. R. Willis officiated.

The bride, dressed in a white sharkskin suit with white accessories and wearing a corsage of lilies of the valley and gardenias, was given in marriage by her brother, George Kling.

Miss May Swan, sister of the groom, was maid of honor.

Charles Kling, brother of the bride, acted as best man.

Following the services a wedding supper was served to the immediate families at the home of the bride's parents, followed by a reception.

Mr. and Mrs. Swan motored to Yosemite for their honeymoon and upon their return will make their home in an apartment on Mission street, San Francisco.

D. C. Band Prepares Program for Concert

Frequent practice sessions have been held for the program of band selections for a community concert, July 17, at the Jefferson Union High School Auditorium.

The Daly City Band invites all local residents to attend the concert. George E. Brenner is director.

This concert is sponsored by the Daly City Merchants Association. Advertising space in the concert program is being sold to local merchants. By this means the band hopes to raise a fund to increase their music library. The concert itself will be free to the public.

Will Remove City Trees To Park Site

Approximately twelve ornamental trees now growing on city property at the corner of Citrus and Niantic avenues will be moved to the Vista Grande Park, according to action taken by the Board of Councilmen, Monday evening of this week.

An expert nurseryman will be engaged to box the trees and supervise their removal next fall.

Five years ago when improvements were being made at the Vista Grande Park local civic organizations donated the trees to Daly City anticipating that they should later be planted in the park. The trees were set temporarily at their present location.

VACATION PLAY PROGRAM AT HI ATTRACTS MANY

Councilman Ed Cavagnaro Points Out Value Of Program

Approximately 40 children of Daly City have been enjoying, daily, the play program at the Jefferson Union High School grounds. Supervised play for children of the community has been made possible through the efforts of the Board of Education and the city council, who realize the dangers of child leisure in a community which does not have adequate park and playground provisions.

MATTHEWS IN CHARGE

John Matthews, supervisor of the activity program at the high school, is well qualified. He studied at both Anapolis and Washington State and has displayed unusually fine ability in the handling of child recreation, according to the board.

No age limit has been imposed; all children of the community are invited. Football, baseball, tennis, basket b a l l, s o f t b a l l, volleyball, tumbling and stunts are among the features of the program.

Supervised play at the high school will continue until the opening of schools in the fall with activities under way six days of each week.

COUNCIL DISCUSSES

At the last meeting of Daly City Council, Monday evening of this week, Ed Cavagnaro led a discussion on the playfield activities. Cavagnaro said in a recent interview with a Record reporter, "Surveys have shown that 99 cases of juvenile delinquency out of 100 are caused by lack of facilities for good, clean recreation.

For this reason I think we should all be very glad that the council and the Board of Education have seen fit to provide play facilities for children of our community."

The entire council expressed the wish that all children of the community would attend the local playfield, which is open every day from 9 to 4 o'clock.

PIONEER PASSES

John Battaini of San Mateo avenue passed away on Wednesday of last week. He had lived in Daly City for the past 27 years.

ROYAL DISCOMFORT

Even in these days when monarchy is on the wane, the prerogatives of royalty still command respect and obedience in many parts of the world. But royalty, a little paragraph in the news reveals, has no standing with the weather, a fact which may amuse millions of American travellers to whom air-conditioning is commonplace.

In a private car attached to the Simplon-Orient Express, one of the finest trains in Europe, the Duke of Windsor and his bride last month embarked upon their honeymoon. As they passed through Northern Italy, the car became so oppressively warm that the Duke was obliged to remove his coat and sit in his shirt sleeves to remain comfortable.

This, remember, was the man who as Prince of Wales set the masculine fashions for half the Western world. This was the man who as Edward VIII of England was titular ruler of a far-flung empire, the man whose romance with an American woman nearly divided a kingdom and whose subsequent marriage to her had rocked a great Church. This was the man who sat in his shirt sleeves trying to stay cool on a train.

The passenger on the American railroads doubtless enjoys none of the prerogatives of royalty, but at least he doesn't have to concern himself with the outside temperature. Regardless of how hot or cold it may be outside, the car in which he rides makes its own weather and he is assured of comfort at all times. Mark Twain's classic remark, "Everybody talks about the weather, but nobody does anything about it," is still funny, but the ingenuity of American engineers has rendered it no longer true.

DEATH ON THE FOURTH

The Fourth is not glorious for some, unless you count death and injury a part of glory.

On no other day are so many killed, or maimed.

Witness the headlines of recent years, taken from a California newspaper.

"Child Blinded By Explosion"—July 4, 1933.

"Four Die as Home Is Razed By Holocaust"—July 4, 1934.

"Auto Crashes Kill Twelve Over Fourth"—July 4, 1935.

"Youth Drowns Swimming At Fourth Picnic"—July 4, 1936.

Are we to look at such headlines after every Fourth of July, year in and year out, forever? Is it some immutable decree of the gods? Or is there a way out?

There is, of course. But it will take a little thought and effort, a little care and foresight on the part of everyone.

So long as children are permitted to play with dangerously powerful fireworks; so long as swimmers think they are better than they are; so long as men drink and then drive—just so long will we go on looking at such headlines each Fourth of July.

New Contractor Law To Have More 'Teeth'

Last week Governor Frank F. Merriam signed Senate Bill 240, amending the Contractors License Law, thus assuring the public and the construction industry of a materially strengthened act, to become effective August 27 of this year.

"In signing the bill to strengthen the Contractors Law," the Governor stated, "I have not only had in mind the desires of the construction industry and of labor that these amendments be adopted, but I have had more strongly in mind the fact that the license law is a strong measure of protection for the building public. Our construction industry is of such major importance that it is entirely reasonable for the State to take all possible steps to stamp out unethical practices and to encourage the public to have confidence in its builders."

This bill, signed by Governor Merriam, greatly strengthens the Contractors' License Law by reducing the exemption from $200 to $100, by allowing the Registrar to suspend a contractor's license for questionable practices on agricultural projects, by allowing the State Board to require new applicants to show a reasonable degree of experience and general knowledge of State building laws protecting the public, and by adding additional causes of action against licensees.

The all time peak registration of over 29,000 contractors reported by the State Registrar at the first of this month will probably be increased in the fiscal year commencing July 1. Renewal applications, calling for a $5.00 delinquent fee after June 30, are pouring in faster than during any preceding June. Building is fairly strong and the public need for new housing is far from satisfied.

May Stop Berkeley Ferry Service Soon

Southern Pacific-Golden Gate Ferries, Ltd., Thursday of last week filed with California Railroad commission an application to abandon its ferry service between Berkeley and San Francisco.

The application was in line with a recent recommendation of the commission, which contended that the company Hyde street-Berkeley route no longer was economically feasible since opening of the San Francisco-Oakland Bay bridge.

The company application gave the commission three possible alternatives:

1. Complete abandonment of the route.

2. Suspension pending outcome of current commission hearings on a proposal that the passenger car rate be reduced from 50 to 30 cents and some service discontinued.

3. Continuance of the route on the present restricted basis of one round trip each hour.

The company said that if the line was abandoned, it would attempt to make up the difference in its Oakland-San Francisco route.

Special Election To Settle Dispute

Colma will have a special election to settle its fire district dispute on August 3, all because of the generosity of one of its citizens.

Frank Marshall, a garageman, informed the Board of Supervisors at a recent meeting that he would defray the expenses—a matter of $360, involving mostly attorney's fees, incurred in forming the fire protection district seven weeks ago.

"I'll do it to stop arguments," he declared, after the Colma Fire District commissioners and opponents of the regime had disputed alleged promises made at the formation of the district.

Ricco Largomarsino and his friends announced they would gladly foot the cost of the election, probably less than $100, in order to get the question to a popular vote.

The question of whether the fire district should continue or be dissolved will be decided by the Colma electorate at a taxless election. If the district is dissolved, Marshall's $360 will be forfeited; if not, the initial expenses will go on the Colma tax rate of 1937-38.

Lesson Sermon Of Christian Science

"To the only wise God our Saviour, be glory and majesty, dominion and power, both now and ever." These words from Jude comprise the Golden Text to be used Sunday, July 4, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "God." Included among the Scriptural selections will be: "As one whom his mother comforteth, so will I comfort in Jerusalem. . . And it shall come to pass, that from one new moon to another, and from one sabbath to another, shall all flesh come to worship before me, saith the Lord" (Isa. 66: 13, 23).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "God. The great I AM; the all-knowing, all-seeing, all-acting, all-wise, all-loving, and eternal; Principle; Mind; Soul; Spirit; Life; Truth; Love; all substance; intelligence" (p. 587).

California Flowers At DuPont Wedding

The peninsula contribution to the DuPont-Roosevelt wedding in Wilmington, Del., Wednesday of this week, was scheduled to arrive in New York, Tuesday morning, in the form of 2000 stems of white, waxy, star shaped blossoms, known as stephenotis.

The flowers were put aboard a United Airliner at 12:45 Monday afternoon and arrived in New York at 9 o'clock the following morning. They were arranged and shipped to Wilmington by a New York florist.

Sunnyvale hothouses now grow 90 per cent of the United States supply of stephenotis which were introduced here by a pioneer San Francisco nurseryman who brought a cutting of the rare vine to San Francisco from New York.

He tended the vines at Sunnyvale for years, and, after his death, other nurserymen received cuttings which they cultivated in the high temperatures of Santa Clara County.

BRAKE NOISES

As a rule, noisy or squeaking brakes are not caused by defective brake lining, according to the emergency road service of the California State Automobile Association. In most instances the trouble is caused by vibration due to worn or improperly adjusted parts. This condition can be eliminated by a competent mechanic.

AMERICAN PARLEYS APPEAL TO CANADA

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Progress is reported in a movement to bring Canada into the Pan-American Union. At a recent conference at Kingston, Ontario, such action was advocated by members of the Canadian Parliament. The conference was called for a general discussion of matters of interest to the welfare of nations on the North American continent and also those of Central and South America.

The keynote of addresses all through the session was means of maintaining peace in the Western Hemisphere. Many speakers were of the opinion that the coming of the Dominion of Canada into the Union of all the Americas would be a big help in keeping countries in this part of the world from being drawn into war. Acknowledgment of economic and political difficulties was made on all sides.

Professor Norman Mackenzie, of the University of Toronto, pointed out a motion was to be made in the Parliament at Ottawa for membership in the Pan-American Union as a measure in preventing war.

* * *

Paul Martin, Liberal member of the Canadian Parliament, came out flat-footedly in favor of his country participating in the meetings of the Pan-American Union. In developing his idea, he said:

"There will be those who regard the participation of Canada in the Union conferences as an attempt to break away from the British Empire. For the time being, however, I believe Canadian policy should envisage co-operation with a body which involves no commitments."

Professor Mackenzie stated he regarded the efforts of President Roosevelt to prevent war from involving the American continents as important and further that he saw certain similarities in Canadian and United States foreign policies.

* * *

The Manchester Guardian says:

"It seems likely that the changes in American life brought about through government activity in the next few years will be greater than those produced by Mr. Roosevelt's first term."

We hope so.

* * *

European observers note with interest that the President proposes to create seven vast regional authorities covering the entire country and performing duties similar to those of the Tennessee Valley Authority. As we have said at other times, this plan will remake the map of America, conserve its soil, prevent floods, and produce immense quantities of hydro-electric power. One of the ultimate results will be the furnishing of power to the consumer at the lowest possible price.

The federal government indebtedness is $36,633,000,000. As a number of commentators have remarked, twenty years ago any such figure would have been regarded as utterly fantastic, but usage and the World War and the depression have accustomed us to it.

It is pointed out the debt figure is a gross sum, which can be cut somewhat by various assets. There is $3,000,000,000 of gold in the stabilization fund, the inactive gold fund and the working balance of the treasury. Recoverable loans made by the Reconstruction Finance Corporation probably also amount to a neat sum.

Diesel Vehicles Must Also Pay Gas Tax

A warning that motor vehicles, using diesel fuel and other similar fuels, may operate on public highways after July 1 only under permits issued by the state board of equalization, was given late last week by members of the board.

Under terms of the Use Fuel Tax act, it is provided:

"After July 1, 1937, it shall be unlawful for any person to place into any receptacle attached to the propulsion apparatus of a motor vehicle operating on the public highways, any fuel which does not carry the state gasoline tax unless such vehicle is equipped with a certificate that the registered owner has a permit to use such fuel."

Motor vehicle owners operating under permits issued by the board will be required to make monthly returns of the new tax at the rate of three cents per gallon, the same rate applying to gasoline.

It was pointed out in the warning that the tax on diesel oil and other similar fuels applies only to fuels used by motor vehicles on public highways and not to fuel used in farm equipment or machines used on other than public roads.

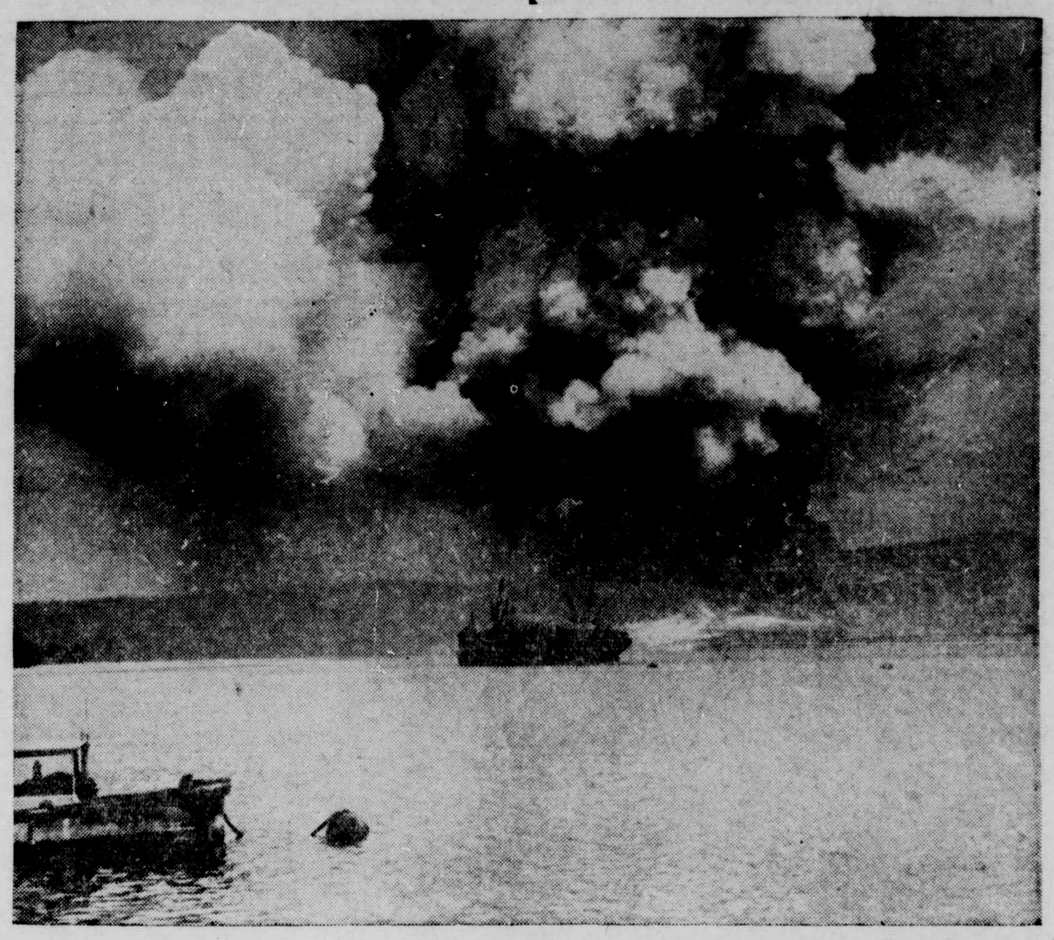
Natives Flee From Eruption On Vulcan Island



Shooting clouds of smoke and steam hundreds of feet into the air, a volcano on Vulcan Island in the New Guinea group recently erupted sending natives of the nearby town of Rabaul fleeing for their lives. The refugees were forced to remain in the town of Kokopo for several days until the eruption had worked itself out. When they returned to their homes the natives found a blanket of lava dust six inches deep covering the ground and much damage done to their crops by molten lava. Photo shows the volcano during eruption.

ANNOUNCE FIVE MAJOR EXHIBITS FOR ART MUSEUM

Chinese Tomb Statuettes Are Popular And Complete Display

(Continued from Page 1)

covered to be literally seeded with examples of this art. The oldest figurines were made some 2,000 years ago.

Progressively the Statuettes become more and more animated, until complete expression and grace is achieved in those of the great period, 600 to 900 A. D. Horses, camels, dancing girls, warriors—everything which might be deemed pleasing to the spirit of the dead person were depicted. The character of all is quite the reverse of gloomy. It is lively, even humorous, and though later centuries marked a decline in this quality, the sense of plasticity was not lost.

GERMAN GROUP

The exhibit, Contemporary German Painting, consists of oils by Pechstein, Franz Marc, Kandinsky, Kleinschmidt, Jawlensky, Klee, Schmitt-Rottluff, Heckell, Erbsloeh, Nolde, Hauptmann, Campendonck, Heckendorff, Kirchner, Berlitt, Ewald, Melzer, Genin and Hofer.

YOUNG AMERICANS

The exhibits of painting by Russell Cowles and Hilaire Hiler have created wide interest among local art lovers. Russell Cowles, graduate of Dartmouth, the Art Students League, the Art School of the National Academy of Design, is a thoughtfully explorative painter. His extraordinary competence was conscienciously acquired. His work is suave, simplified, frankly sensuous but with elegance.

Hilaire Hiler was born in St. Paul, Minnesota, in 1898. He has been a musician of sorts, an ethnologist, teacher and entertainer, barman and amateur psychoanalyst. He has exhibited in many galleries in France, England and America, and is the author of several books. At present he is in San Francisco, directing a section of WPA. His work is characterized by a studied primitivism mixed with abstract art.

TALKS ON JAPAN

Mrs. Zoe Kincaid Penlington, drama critic, visiting this country after nearly 20 years in Japan, gave two free lectures at the museum: Thursday evening of this week, Japanese Doll Plays and Friday evening, Japanese Noh Drama. Mrs. Penlington is author of two books and has translated into English several Japanese works. Her talks were illustrated with color slides of the puppet plays and the elaborately conventional Noh drama, and several masks which are worn in the latter.

The museum will be closed for the holidays, July 4 and 5.

FOR A HAPPY HOLIDAY

The "Glorious Fourth" can be just as glorious as we choose to make it. This year the long week end created by the holiday will intensify the hazards which the Fourth always produces. The watchword should be, "Take care!"

Independence Day celebrates the independence of a nation. The coming week end will demonstrate vividly the modern interdependence of people. Great streams of traffic pouring over the highways will show how essential are mutual regard and courtesy among drivers. Fireworks will demonstrate it too. A "firecracker thrown by another" is, according to the National Conservation Bureau, the greatest single cause of the tremendous number of fireworks accidents every Fourth of July. At the beaches and lakes, imprudent swimmers will again remind us that human life must be risked to save the life of a drowning person.

Reasonable care divides a happy holiday from the tragedies which mar it. Reasonable care will insure you, your family, and the other fellow against mishap. For instance:

If you drive—see that your car is in good mechanical condition. Check tires, lights, brakes, steering mechanism, windshield wiper, rear-view mirror, horn. Drive skilfully, at a reasonable speed. Observe the rules and courtesies of the road.

If you must use fireworks—give yourself plenty of space. Keep away from children and animals and buildings. Throw firecrackers away from people and inflamable materials, not at them. Never hold an exploding firecracker, nor set them off under a bottle or can. Cauterize the smallest wound immediately; tetanus poisoning works fast and kills.

If you go swimming—swim in safe and protected places. Beware of strong tides and currents. Know your limits as a swimmer. Wait two hours after eating. Avoid shallow places.

Week Of July 4th Offers Varied Events

Motorists planning trips over the coming Fourth of July week end have a wide choice of attractive events in many interesting communities, offering lively entertainment and a hearty spirit of welcome to visitors. Included in a list of such events issued by the touring bureau of the California State Automobile Association are the following.

Mt. Shasta City will stage an Independence Day celebration extending over the three days July 3 to 5. With majestic Mt. Shasta as a background, the town will present an elaborate program of patriotic features and sports events.

Willits will be the scene of "Frontier Days," an annual event consisting of a rodeo program, parades, and general festivity on July 3 and 4.

Eureka will hold forth for five days, July 1 to 5, with a "Days of General Grant" celebration keyed to a pioneer days theme and offering a rodeo, old-time parades, street dancing, and other hilarity.

Alturas will stage its annual roundup July 3 and 4, with cowboys from nearby Modoc ranges showing an expert hand at rodeo stunts.

Reno will take a big place in the rodeo picture with top ranking show July 3 to 5, billed as wild, woolly, and western.

Stockton will stage its annual regatta July 3 and 4, with speedboat races on the ship channel and turning basin, and with cruiser races from Richmond and Sacramento to Stockton.

Calistoga will have its annual Silverado Festival and Fair July 3 to 5, with an historical background for events including horse racing, parades, and carnival features.

TIGHTEN BODY BOLTS

Settling of the car body and compression of anti-squeak material between the body and frame make it advisable to tighten body bolts on a new car after a few months.

Post Offices Not To Accept Applications

Northern California employes in industry, commerce or professional service are informed that hereafter they should file applications for social security account numbers with offices of the Social Security Board.

Since last November the post offices, acting for the Social Security Board, have received applications for social security accounts and issued account numbers to employes. This arrangement, according to the San Francisco manager of the Social Security Board, expired on Wednesday, June 30, except that post offices will have a supply of the application form SS-5 on hand for the convenience of local employers and employes.

Employes in this county are advised that the new procedure for obtaining an account number is to fill out Form SS-5 and mail it to the Social Security Board, 402 Humboldt Bank Building, San Francisco. Care in filling out the form will avoid delay in issuance of the account number.

Aproximaptely 28,000,000 social security accounts have been issued to employes throughout the country. The federal old age insurance system under which the accounts are issued applies to employers who have hired one or more employes less than 65 years of age since December 31, 1936. Temporary and part time employes are included.

Employers are required to report the social security account number of each employe and wages paid each employe during the first six months of this year in an information return to be filed with the Collector of Internal Revenue in July. Northern California employers will file this return and the monthly remittances under Title VIII of the Social Security Act with the Collector of Internal Revenue at San Francisco.

All construction materials are barged to Treasure Island, site of the 1939 World Fair in San Francisco Bay, from railheads and freight piers on the mainland.

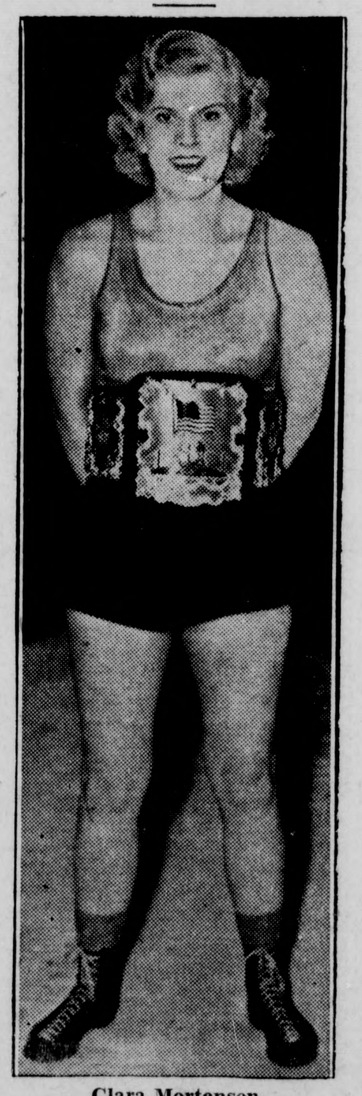
Compare Fatalities At Grade With Hiway

One hundred and ninety-five persons were killed in the state, and 769 were injured in 2169 grade crossing accidents during 1936, the California Railroad Commission was informed this week in a report compiled by its transportation department.

The totals compare with 126 deaths, 743 injuries and 1939 accidents during 1935. During 1936 there was an average of 5.9 grade crossing accidents per day, resulting in the death of 3.8 persons and injury to 14.8 persons a week.

On all highways throughout the state there were during 1936 36,316 accidents, 49,326 injuries and 3,132 deaths, all reflecting increases over 1935. Grade crossing fatalities resulted in 6.2 per cent of the highway deaths last year, a reduction from 8.9 per cent since 1929.

Here's Female Wrestling Champ



Clara Mortenson

Clara Mortenson, claimant of the women's wrestling title, who defended her title in San Francisco when she met Rita Martinez of Mexico. Fans witnessed, for the first time in 20 years, "women rasslers." Miss Mortenson comes from a family of wrestlers. Her father was the champion of Denmark and her brother was a runner-up in one of the 1932 Olympic Games titles.

When You're Right On Right Of Way

Approaching intersections, right of way must be yielded to any car which has already entered the intersection. Only when two cars enter an intersection from different directions at approximately the same time is the driver on the left required to yield the right of way to the car on the right.

When intending to turn left, the driver must give a proper hand signal continuously for the last fifty feet before turning, but the actual turn cannot be made unless it can be done with reasonable safety. The person turning must yield the right of way to all oncoming traffic within the intersection or so close as to constitute an immediate hazard. Thereafter the driver may proceed with the turn and oncoming traffic subsequently approaching the intersection must permit the turning car to pass.

Upon entering an arterial or through highway, the driver must first stop and yield the right of way to all traffic immediately approaching. Thereafter he may proceed and all vehicles approaching the intersection on the through highway must yield the right of way to him.

Drivers entering public highways from private roads or driveways have no right of way, but must wait until they can proceed safely.

When the driver hears the sound of a police car, ambulance or fire apparatus siren, he must pull over to the right as far as possible, but clear of any intersection, and stop.

Pedestrians have the right of way within marked crosswalks or unmarked crosswalks at the end of a block. Although jaywalkers do not have the right of way, motorists must use caution for their safety.

The two greatest factors in modern civilization as compared to the more leisurely days of long ago, transportation and communications, will be emphasized at San Francisco 1939 World Fair.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

Mrs. Frank Morrison, 527 Evergreen Avenue, sent in the following recipe and is now a member of the club:

LEMON CREAM PIE

1 cup white sugar, grated rind and juice of 1 lemon, 2 egg yolks, 2 tablespoons flour, 1 teaspoon butter.

Squeeze lemon juice over the cup of sugar. Beat egg yolks. Mix flour with a little cold water, removing all lumps, then pour over it a cup of boiling water. Add next the butter and stir all together and cook until thick. Set aside to cool. Have a pie shell ready and pour filling into it.

Beat whites of 2 eggs until stiff, adding 2 tablespoons sugar. Pour over the top of the pie and brown in the oven.

MOCK SHRIMP SALAD

2 cans shrimp, shredded, 1 package vermicelli, cooked, 1 clove garlic, 1 medium onion, minced, 1 small head lettuce, shredded, 1 celery heart.

Mix ¼ teaspoon powdered mustard in 2 tablespoons vinegar, and add to above ingredients. Add mayonnaise to taste. Chill and serve on crisp lettuce.

DATE PUDDING

(From Mrs. G. Lindorff)

¾ cup sugar, 2 tablespoons flour, 1 teaspoon baking powder. Mix dry ingredients. Add 2 well beaten eggs, 1 cup chopped nuts, 1 cup chopped dates. Bake in slow oven 30 minutes. Grease the pan with butter.

Livestock Royalty To 1939 Exposition

Bluebloods of the nations farms will parade in San Francisco during the 1939 Golden Gate International Exposition.

This became certain this week when an executive committee was named for the Grand National Livestock Exposition, now under construction in Bayshore City.

With $500,000 of state funds earmarked for the cow palace, livestock leaders of the state are formulating plans whereby the greatest livestock show in the nation will be held on the San Francisco peninsula in 1939.

Plan Mileage Survey For San Pedro Hiway

Meeting in the San Francisco city hall last week, members of Highway District No. 9 planned to make a survey of mileage between San Francisco and Santa Cruz on the new coast road and compare it with that of the old winding road over San Pedro mountain.

The directors intend to make this survey with the intention of showing motorists the difference between the two roads, and the improvement to be gained by the San Pedro road.

Engineers on the San Pedro road told the directors that work on the road was approximately 75 per cent complete.

Issue Larger Number Of Drivers Licenses

An increase of more than eleven per cent in the number of drivers licenses issued during May as compared with the same period last year, was announced this week by the chief of the Division of Drivers Licenses.

Last month the total was given as 74,735, an increase of 5,592 licenses over the 1936 figure.

Applicants who failed to pass the tests were given as 4,889, while 491 were definitely refused licenses.

During May the licenses of 1,065 persons were suspended and 172 had their licenses revoked or cancelled by the Division. Of these, 978 followed conviction of drunken driving.

Notice Of Trustee's Sale

On TUESDAY, JULY 20, 1937, at 2 o'clock p. m. at the front entrance to Number 300 No. Park View Avenue, in the City of Daly City, County of San Mateo, State of California, BAY VIEW AUXILIARY CORPORATION, a corporation, substituted trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described property situated in the City of Daly City, County of San Mateo, State of California, described as follows, to-wit:

Lot Number one (1) in Block Number twelve (12), as shown on that certain map entitled "Map No. 1 Vista Grande, San Mateo Co., California," filed in the office of the County Recorder of San Mateo County November 5th 1906 in Book "C" of Original Maps at page 35 and copied into Book 4 of Maps at page 41 thereof.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by JOSEPH E. NAMING OF HANDICAPS HELPS IN CONTINUITY

By J. W. MARCHBANK

When Jack Campbell casts about for names for the features on the Metropolitan circuit he is likely to select some that stir memories of racegoers out this way. The Advance Guard, for example, is named for none other than the sterling stallion that toted high weights in Tanforan handicaps at the turn of the century. Traditions of the thoroughbred sport can well be carried on by such names. Advance Guard, of course, not only performed brilliantly at the local course but on the New York tracks as well.

Interest in New York handicaps has increased materially on account of the game victory last Saturday of the San Francisco owned Seabiscuit in the historic Brooklyn Handicap. Lazzarone, Clifford, Ben Holladay and others that were well known in the New York features a little prior to the time of Advance Guard have also been honored by the Eastern racing secretary in the selection of names. Advance Guard, it will be recalled, finished second in the Brooklyn when it was at a mile and a quarter and run at Gravesend.

With Man o'War's son War Admiral the undisputed champion three year old, it is yet to be decided as to what horse in the mature division is entitled to be crowned as king. Seabiscuit and Aneroid, each carrying 122 pounds, battled hard the last part of the Brooklyn with Jack Pollard's mount getting the closest of decisions over Charley Rosengarten's courageous horse.

Another thing. Both Seabiscuit and Aneroid were getting a concession of four pounds from Rosemont. Another meeting should settle the championship. None of the runners at other tracks appear to have sufficient class to promise contention to the New Yorkers.

Judging from War Admiral, Seabiscuit and Aneroid alone it would seem there are only two leading strains of blood in the country, those of Fair Play and Ben Brush. For, as is familiar to all fans, War Admiral is a grandson of Fair Play through Man o'War, and from a granddaughter of Ben Brush. Seabiscuit, a greatgrandson of Fair Play through Hard Tack and Man o'War, is a son of Swing On. It is needless to point out that Whisk Broom II, sire of Swing On, is a grandson of Ben Brush through Broomstick. As to Aneroid. That bay colt is by The Porter, a grandson of Ben Brush through Sweep, and is from Outburst, a granddaughter of Fair Play through Messenger.

When the summing up comes at the end of the year it will probably be found that as usual Domino, Ben Brush and Fair Play are in the van.

WATER MUST BE PURE

Despite the fact that many motorists think they can get by with hydrant water for their batteries, battery makers insist upon distilled water, says the general service manager of the National Automobile Club. Undistilled water, regardless of its reputation for purity and softness, may contain sediment which, when the water evaporates, settles at the bottom of the battery cell. Eventually, it will destroy the plates.

Balinese dancers will be included in the fun zone of the 1939 Golden Gate International Exposition in San Francisco Bay.

FUEL LINE STOPPAGE

Guard against stoppage of the fuel line by draining all gasoline from the tank every few months and straining any foreign matter from it, suggests the emercency road service of the California State Automobile Association. At the same time the fuel line should be disconnected at the front end and air forced through it either with a tire pump or air hose. Never blow through a fuel line with the mouth as poisonous tetra-ethel may be present.

VACATION CAMPS PLANNED BY WPA FOR THE SUMMER

Underprivileged Children To Get Vacation In Five Summer Camps

(Continued from page 1)

The same program, only on a larger scale, is being carried out this year.

Each child is examined for physical fitness before application can be accepted, and at camp a registered nurse is on duty at all times. Food served is plain and wholesome.

Recreation leaders are assigned for their proved ability and are responsible for arranging daily programs of hiking, swimming, games, handicraft and nature study, in accordance with the interests of the campers, but with insistence on plenty of rest.

DAILY ROUTINE

A typical day at one of the camps consists of:

7:00—Reveille, flag raising ceremony, and warming up exercises.

7:30 — Breakfast, followed by health inspection.

8:30-12—Hikes, games, swimming and handicraft as arranged by camp leaders.

12:00—Lunch.

1:00-3:00—Rest period; free play, practice for evening campfire program.

3:00-4:30 — Swimming, crafts, walks, etc.

5:30—Dinner, followed by free play period.

7:00—Campfire program.

8:30—Taps! Lights out.

Camps operated this year will be at: Camp Shadowbrook in Big Basin Redwood Park; Camp Black Mountain, 22 miles from San Jose; National Park recreation area at Deseano, San Diego County, and Camps Lytle Creek and Miller Canyon, in the San Bernardino area.

Applications and full information will be available at the nearest Works Progress Administration district recreation office.

Mrs. Madeleine Fellows of Vista avenue was elected grand conductress.

Delegates and a group of members attended the installation of grand officers and the grand ball held, Thursday evening of last week, at Cocoanut Grove in Santa Cruz.

Find 3 Missing L. A. Girls Slain

Brutally strangled to death by a degenerate kidnaper, the bodies of Madeline Everett, 7 (left); her sister Melba, 9 (right), and Jeannette Stephens, their 8 year old playmate, were recently discovered in the Baldwin hills after a frenzied two-day search by Los Angeles police and aroused citizens. Police instituted a widespread search for a man known only as "Eddie," whom police believed to have committed the crime after luring the children from a park near their homes on the pretext of hunting rabbits in the adjacent hills.

LIGHTS THAT FAILED

Only 27.4 per cent of motor vehicles inspected in a recent test in the state of Pennsylvania had lighting equipment meeting the requirements of the State's Motor Vehicle Code, according to the statistical department of National Automobile Club.

PLUG TERMINALS

When spark plug terminals become loose they may cause poor electrical contact, resulting in uneven motor action. Terminals should be checked occasionally and kept tight.

WHAT SETTING NOW?

The manual spark control, called a gaselector or octane selector, used on so many cars is designed for seasonal adjustment, states the general service manager of the National Automobile Club. A check might disclose to the average motorist that the one on his car is adjusted still for winter driving temperatures.

Two young men in a kayak recently set some sort of record by paddling from San Francisco famous Embarcadero to Treasure Island, site of the 1939 Golden Gate International Exposition.

ALCAZAR SHOW NOW MECCA OF ENTERTAINMENT

"The Pursuit Of Happiness" Proves Very Popular With Audiences

(Continued from page 1)

Northcutt, as Captain Aaron Kirland; his wife, Comfort, a likeable woman for all her inclinations to run things, as portrayed by Edna Ellsmere and a colored servant Mose, played by John Delmore. Ben Legere as the sheriff and Rupert Drum as the waring reverend, denouncing youth and love and the custom of bundling also give excellent characterizations.

In addition to the expert direction of Walter Bernard, the play was picturesquely costumed and staged.

"The Pursuit of Happiness" as presented by the Federal Theater players leaves you in a mellow mood with both the current theater and with your Revolutionary ancestors.

Will School Members Of Highway Patrol

More than 100 members of the California Highway Patrol are to be schooled in the use of photography as a means of determining highway accident responsibility, it was announced late last week.

Experiments have been made in various parts of the State for the past six months by officers, skilled in photography, taking pictures of highway mishaps and this visual evidence has aided in convictions of careless or reckless drivers. These trained officers will be used as instructors at the Patrol training school in Sacramento.

Only officers with an aptitude for photography will be permitted to take this course. It is intended to have several patrolmen in each county qualified in the use of cameras to aid in accident investigations.

A month or so after an accident, witnesses generally are hazy about details, but photographs and measurements remain the same and have proved valuable in many court cases.

SOME QUESTIONS AND ANSWERS

Question: Is there more than one variety of persimmon?

Answer: Yes, the common persimmon is distributed from Rhode Island to Florida and west to Kansas and Texas. It is an attractive tree of graceful appearance; not usually growing more than 50 feet and bearing green shiny leaves. Its flowers are small yellowish-green and its fruit is deep yellow and an inch or more in diameter. The fruit when green, is so bitter that it fairly "puckers" the mouth, on account of the tannin which it contains. Belonging to the ebony family, the wood of the tree is dark, fine grained and is used in turnery. The black persimmon grows in western Texas as far south as the Gulf of Mexico. Its fruit is valuable for its juice which is used for a black dye. The wood, too, is black, sometimes with yellow markings, and is used for engraver's blocks. The woods of both these varieties are inferior in quality to their tropcal cousins. The Japanese and Chinese groups of persimmon produce larger fruit, much superior to the American. The Department of Agriculture has been succussful in grafting from the tropical variety to our native tree.

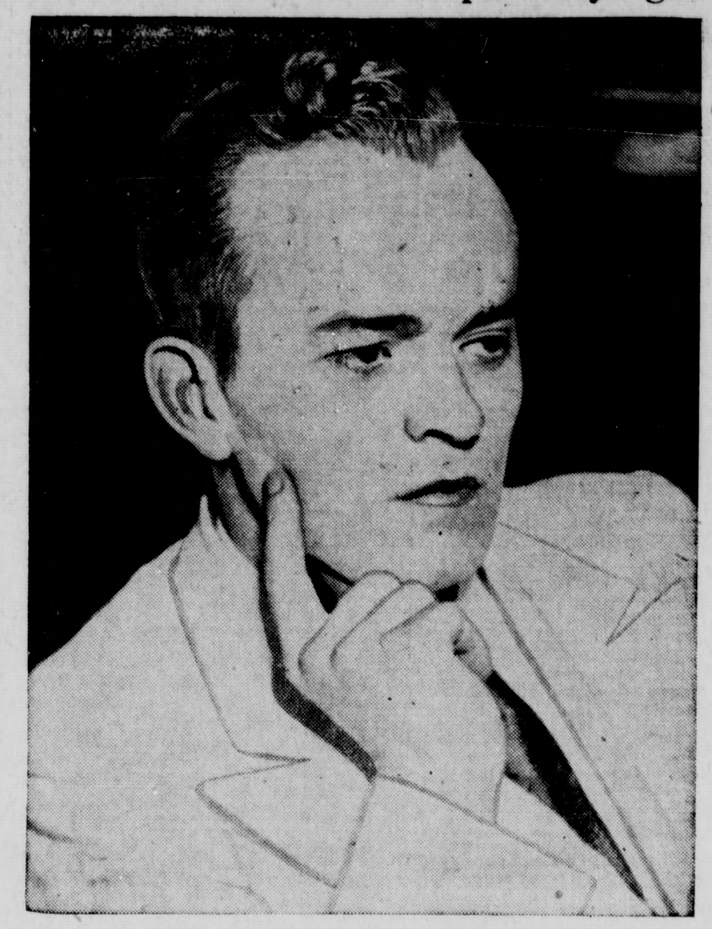
Confesses Gedeon Triple Slaying



Confessed slayer of Veronica Gedeon, her mother and a roomer in their Beekman Hill, New York, apartment last Easter Sunday, Robert Irwin, sculptor and former divinity student, is pictured after he had surrendered recently in a Chicago newspaper office. Scoffing at death, Irwin brazenly recounted his actions on the murder night. Held without bail after being formally accused in New York of the triple slaying, Irwin intimated through his attorney that he would enter an insanity plea. He has a brother, Benjamin, serving a prison sentence in Salem, Ore., and another brother, Vidlain, a prisoner in Walla Walla, Wash.

Question: What is the work of the Traveler's Aid Society?

Answer: Every day in towns and cities the world over, travelers turn for help to desks where shine the friendly world-map lamps of the Traveler's Aid Society. Perhaps it is a young woman newly come to a large city in search of a job. The work does not materialize and she finds herself faced with problems she cannot solve without assistance. Perhaps it is a pair of wandering boys, who though they could relieve the home situation by taking to the road. Now they do not know what to do next and would like to return home if they could. Perhaps it is three young children sent on a trip alone. They need to be cared for between trains and put aboard the right one for the next lap of the journey. To them all T. A. S. offers assistance. There are 95 societies in the United States, giving service to 409 communities, while co-operating represenetatives—Red Cross chapters, YWCA's, Family Welfare Societies give service in 1200 more communities. Travelers Aid is a thorough and organized service for travelers and transcients in need of assistance.

Question: What memorial was erected in Edinburgh, in honor of Scottish - American soldiers who served in the Civil War?

Answer: A statue of Lincoln. It is a full length bronze figure of the president in ordinary attire, bareheaded, with a scroll in his hands. He stands on a base of Scottish granite. In front is to be seen the half kneeling form of a young Negro, stretching out his arms toward the "Great Emancipator." These famous words of Lincoln are inscribed on the granite, "To preserve the jewel Liberty in the Framework of Freedom."

have proven one of the principal factors in reducing traffic offenses and the accident death toll."

SEEK APPROPRIATION

The matter of a paid secretary and permanent office for the commission, which would be set up as a clearing house of information for the traffic courts and law enforcement officials, was discussed this week. It was decided to ask the Board of Supervisors for an appropriation in the next budget.

"Oakland appropriates an annual fund of $5000 for its safety commission," said the secretary. "The safety movement here should be treated as an important function of county government."

Plans were completed for the public meeting July 12 to which all police officials and judges have been summoned. The meeting will be addressed by Police Chief Howard Zink of Palo Alto, where a "model" safety system has long been in vogue.

PHOTO FINISH IS VERY POPULAR AT BADEN CLUB

Special July 4th Program For Saturday Night Is Announced

Photo finish, the newest thrill in greyhound racing, proved the most popular innovation in the sport of queens ever introduced at Baden Kennel Club as the fans this week scanned the first pictures ever taken of California greyhound races.

On an average of three times per night the judges call on the Baden wonder camera to settle close decisions, and never once has the camera failed to come up with the verdict.

Three minutes after the conclusion of the race the photo finish prints are in the hands of the officials. A high speed system of developing the pictures makes the quick results possible. After each photo finish race the pictures are posted at two places in the grandstand where the fans congregate to discuss the outcome of close events.

One fact proved by the photo finish is that in many races it is virtually impossible for the human eye to catch the first, second and third dogs with any degree of certainty. In some instances less than an inch has separated the greyhounds when they crossed the wire, with as many as four dogs within half a length of each other and spread from rail to rail.

One of the largest crowds of the meeting is expected, Saturday night of this week, for the special July 4 program, including the best racing program of the meeting. Radio stars will entertain between races.
